

2014–2018: *1989* and *Reputation*

Swift relocated from Nashville to New York City in March 2014 and transformed her image from country to pop with her fifth album, *1989*.^{[113][114]} She produced *1989* with Martin, Shellback, Chapman, and new collaborators Jack Antonoff, Imogen Heap, Ryan Tedder, and Ali Payami.^[115] Released on October 27, 2014, the album spent eleven weeks at number one and one year in the top 10 of the *Billboard* 200.^{[116][117]} It has sold 14 million copies worldwide, becoming Swift's best-selling album.^[118]

Three of *1989*'s singles—"Shake It Off", "Blank Space", and "Bad Blood"—reached number one on the *Billboard* Hot 100; the first two made Swift the first woman to replace herself at the top spot.^[119] Two other singles—"Style" and "Wildest Dreams"—peaked at numbers six and five, making *1989* the first album by Swift to have five consecutive top 10 singles on the Hot 100.^[120] The *1989* World Tour was the highest-grossing tour of 2015 with \$250 million in revenue.^[121] She was named *Billboard*'s Woman of the Year and received the inaugural Dick Clark Award for Excellence at the American Music Awards in 2014,^{[122][123]} and "Bad Blood" won Video of the Year and Best Collaboration at the 2015 MTV Video Music Awards.^[124] At the 58th Annual Grammy Awards in 2016, *1989* made Swift the first woman to win Album of the Year twice; it also won Best Pop Vocal Album, and "Bad Blood" won Best Music Video.^[125]

Swift on the *1989* World Tour, the highest-grossing tour of 2015

During the promotion of *1989*, Swift publicly opposed free music streaming services. She published an op-ed in *The Wall Street Journal* in July 2014 to stress the importance of albums as a creative medium for artists,^[126] and, in November, removed her discography from ad-supported, free streaming platforms such as Spotify.^[127] Big Machine kept her music only on paid, subscription-required platforms.^[128] In a June 2015 open letter, Swift criticized Apple Music for not offering royalties to artists during its free three-month trial period and threatened to withdraw her music from the platform,^[129] prompting Apple Inc. to announce that it would pay artists during the free trial period.^[130] Big Machine returned Swift's catalog to Spotify and other free streaming platforms in June 2017.^[131]

Swift dated the DJ Calvin Harris from March 2015 to June 2016.^[132] They co-wrote the EDM single "This Is What You Came For", which featured vocals from Rihanna; Swift was initially credited under the pseudonym Nils Sjoberg.^[133] "Better Man", the 2016 single which Swift wrote for the country vocal group Little Big Town, won the Country Music Association Award for Song of the Year.^[134] She recorded "I Don't Wanna Live Forever" with Zayn Malik for the soundtrack to the 2017 film *Fifty Shades Darker*; the song became the highest-charting single from the *Fifty Shades* franchise on the *Billboard* Hot 100, peaking at number two.^[135]

In April 2016, Kanye West released the single "Famous", in which he references Swift in the line, "I made that bitch famous." Swift criticized West and said she never consented to the lyric, but West claimed that he had received her approval, and his then-wife, Kim Kardashian, released video clips of Swift and West discussing the song amicably over the phone. Although the clips were proven to be purposefully edited,^[136] the controversy made Swift a subject of an online "cancel" movement, in
